- Gold is deeply steeped in Thailand's culture and history and continues to play an important role for all Thais.
- The strong sentimental attachment is bonded by the very special occasions when gold is inseparable from the celebrations like weddings, one of life's greatest moments, where gold is used for the marriage dowries.
- For the past 10 years, gold buying behaviour has evolved and they are more attuned towards investment and speculation.

99.99% gold

1 kilogram gold = 32.148 ounces
 1 ounce gold = 31.1034768 grams
 1 kilogram gold = 65.6 baht

96.5% gold

1 baht gold jewelry = 15.16 grams
 1 baht gold bar = 15.244 grams
 1 kilogram gold = 65.6 baht

- In Thailand, there are many ways to invest in gold.
- Different products can be used to achieve a variety of investment objectives.
