# Great Interest to Gold in SEA

# Who are the clients? Amateur Investors

Stock Exchange and brokerage tools may be too complex, scary and expensive.

## Copernicus Gold:

- A simple user interface and online procedure of purchase
- Instant conversions to **multiple currencies** using market rates
- An ability to diversify savings between gold and currencies
- Become long-term investors

# Who are the clients? Gold Collectors

Many difficulties to save up for gold using currencies or small jewelleries

## **Copernicus Gold:**

- You can start saving from S\$ 10, or one cent, or ... 0.001 g
- At the day of purchase just convert to cash
- Or purchase gold directly in jewelry shops using digital gold

# Who are the clients? Jewellery Shops

## Copernicus Gold:

- Extending the clientele
- Customers can buy digital gold for cash at shops
- Buying jewellery products directly in shops using digital gold
- Hedging risks of gold price changes

# Who are the clients?

## The whole Gold Industry

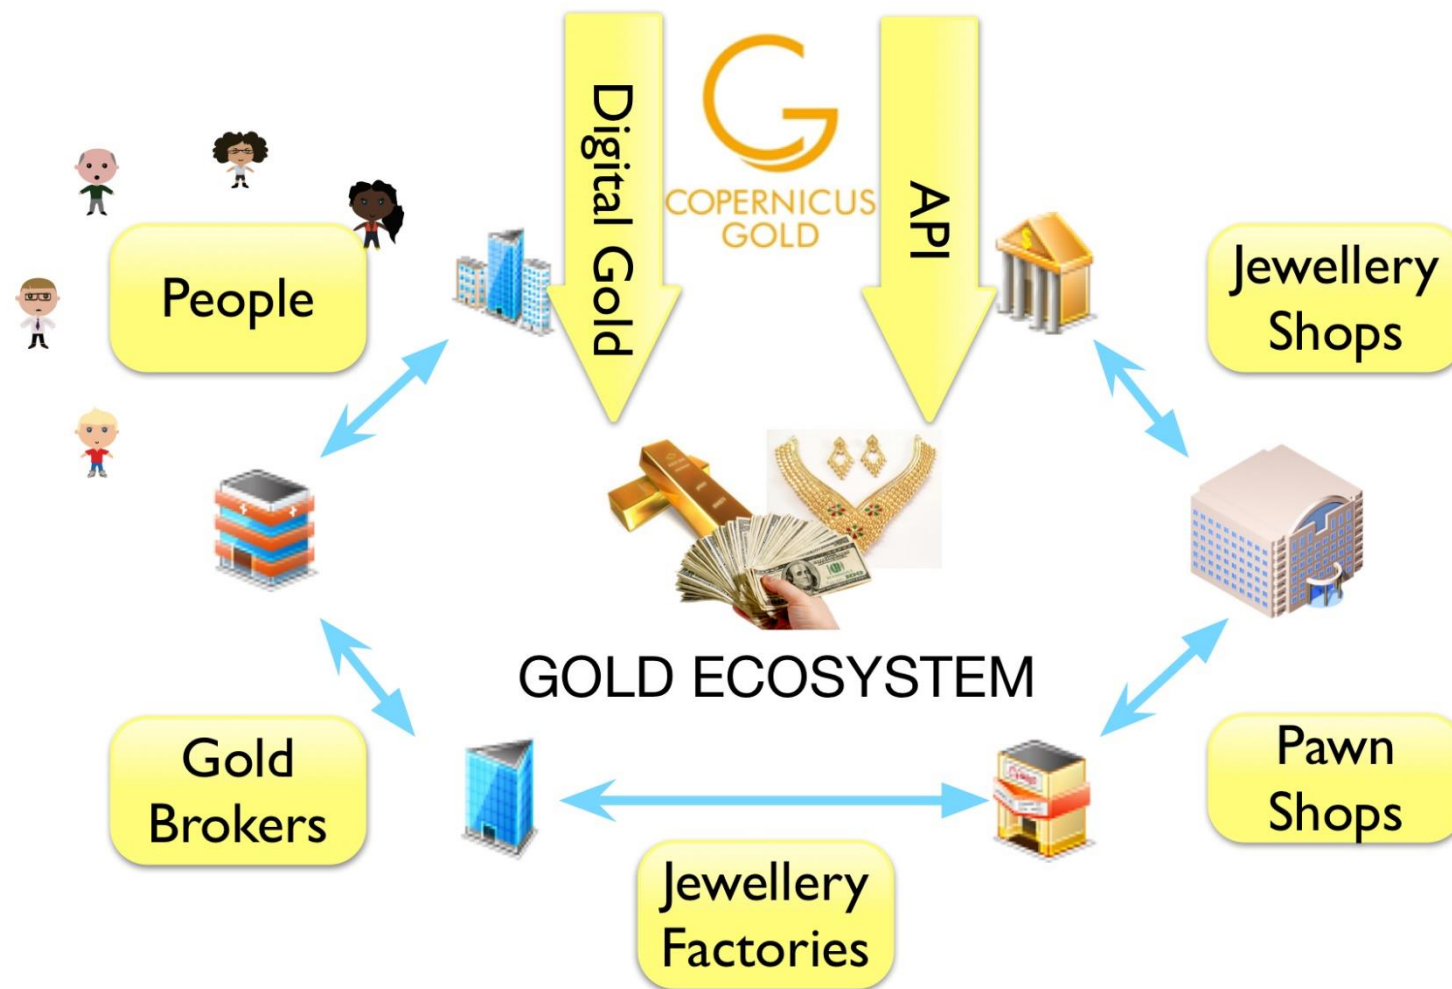

Esther Johnson

### Copernicus Gold:

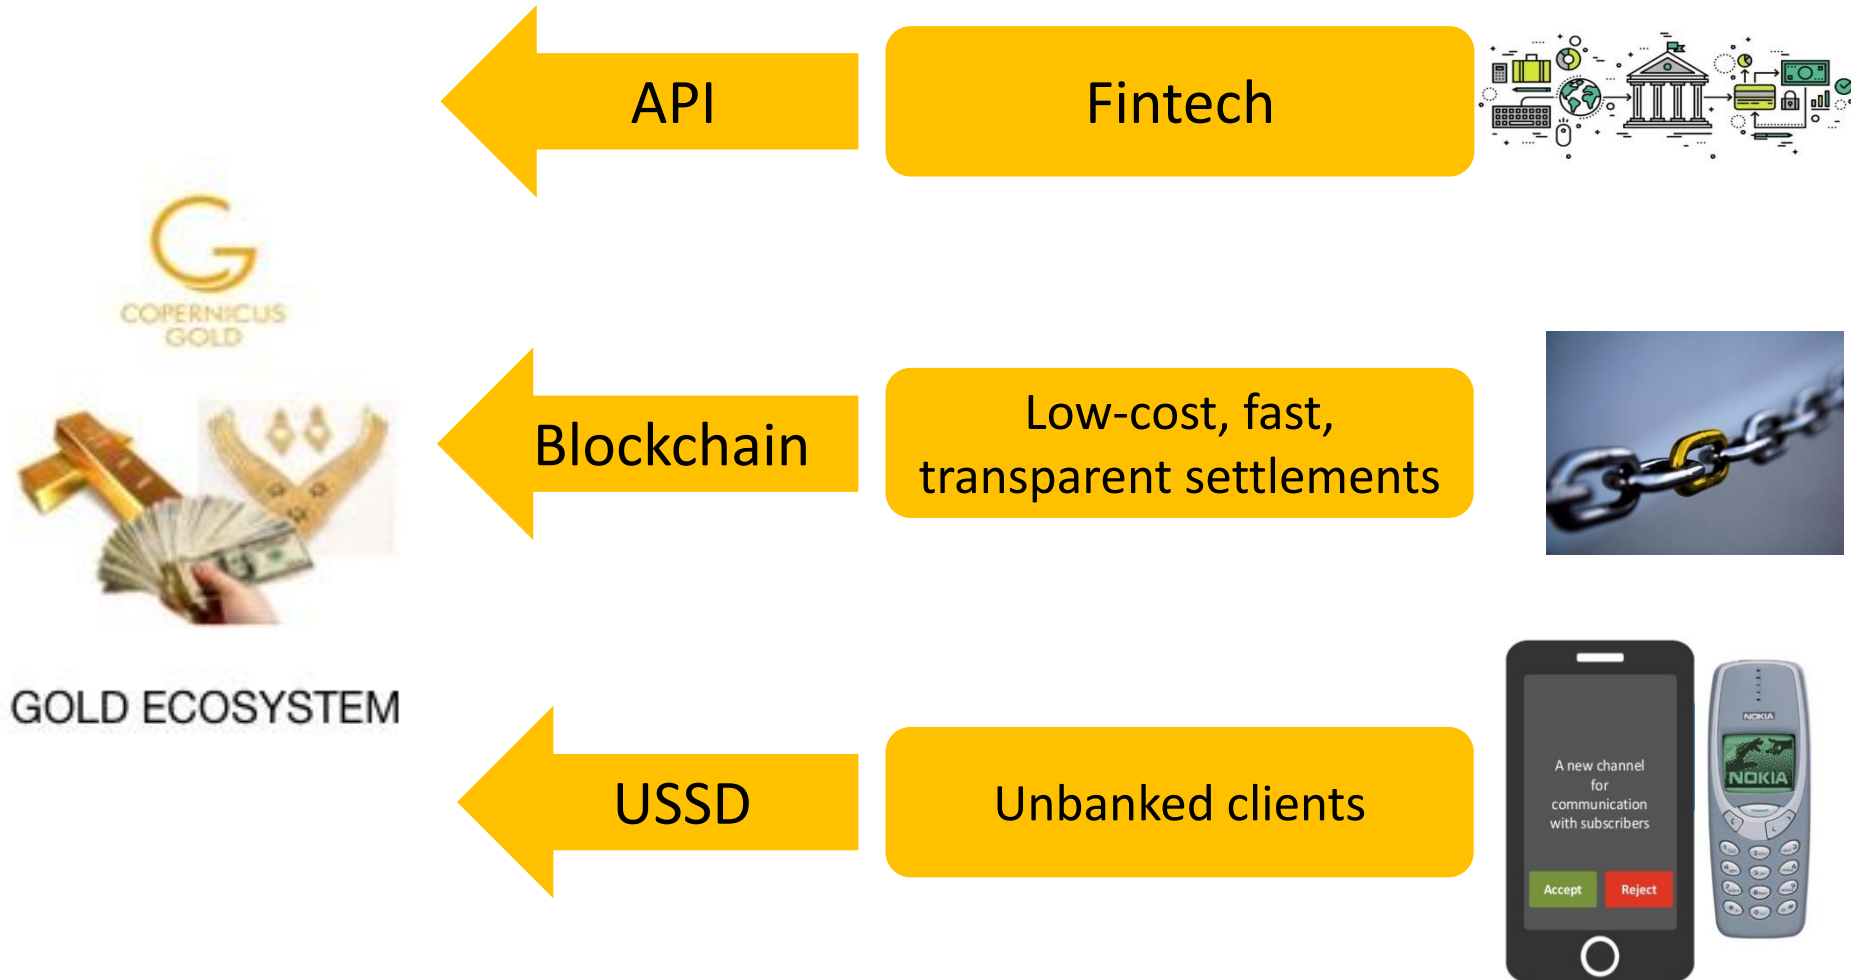

- Participants of the gold market may use digital gold for settlements
- Hedging risks of gold price changes
- Guarantees in digital gold

# Gold Ecosystem

# Benefits

- All bullions in the safest storage in Singapore
- Clients' funds on bank accounts
- Strong KYC/AML Procedures and Identification with our partners
- Transparency and reliability of blockchain
- Stored Value Facility according to Monetary Authority of Singapore
- Mathematical models for liquidity and reserves
- Security Subsystem based on our 20 years of banking experience

## Copernicus Gold:

- Started at the end of 2013
- A team of bankers with more than 20 years of bank experience and successful bank projects
- Scientists, software developers, lawyers
- Incorporated in Singapore in 2016
- Investment acquired \$3.8 M in 2016
