

Making of GoldZip

Mr. Barry Ip

Head of Digital Innovation

Chinese Gold & Silver Exchange

Prepared Exclusively for 2022 SBMA Conference. Technology, Innovation & Ecosystem

Design of GoldZip Blockchain

*Considerations
when design
GoldZip
Blockchain*

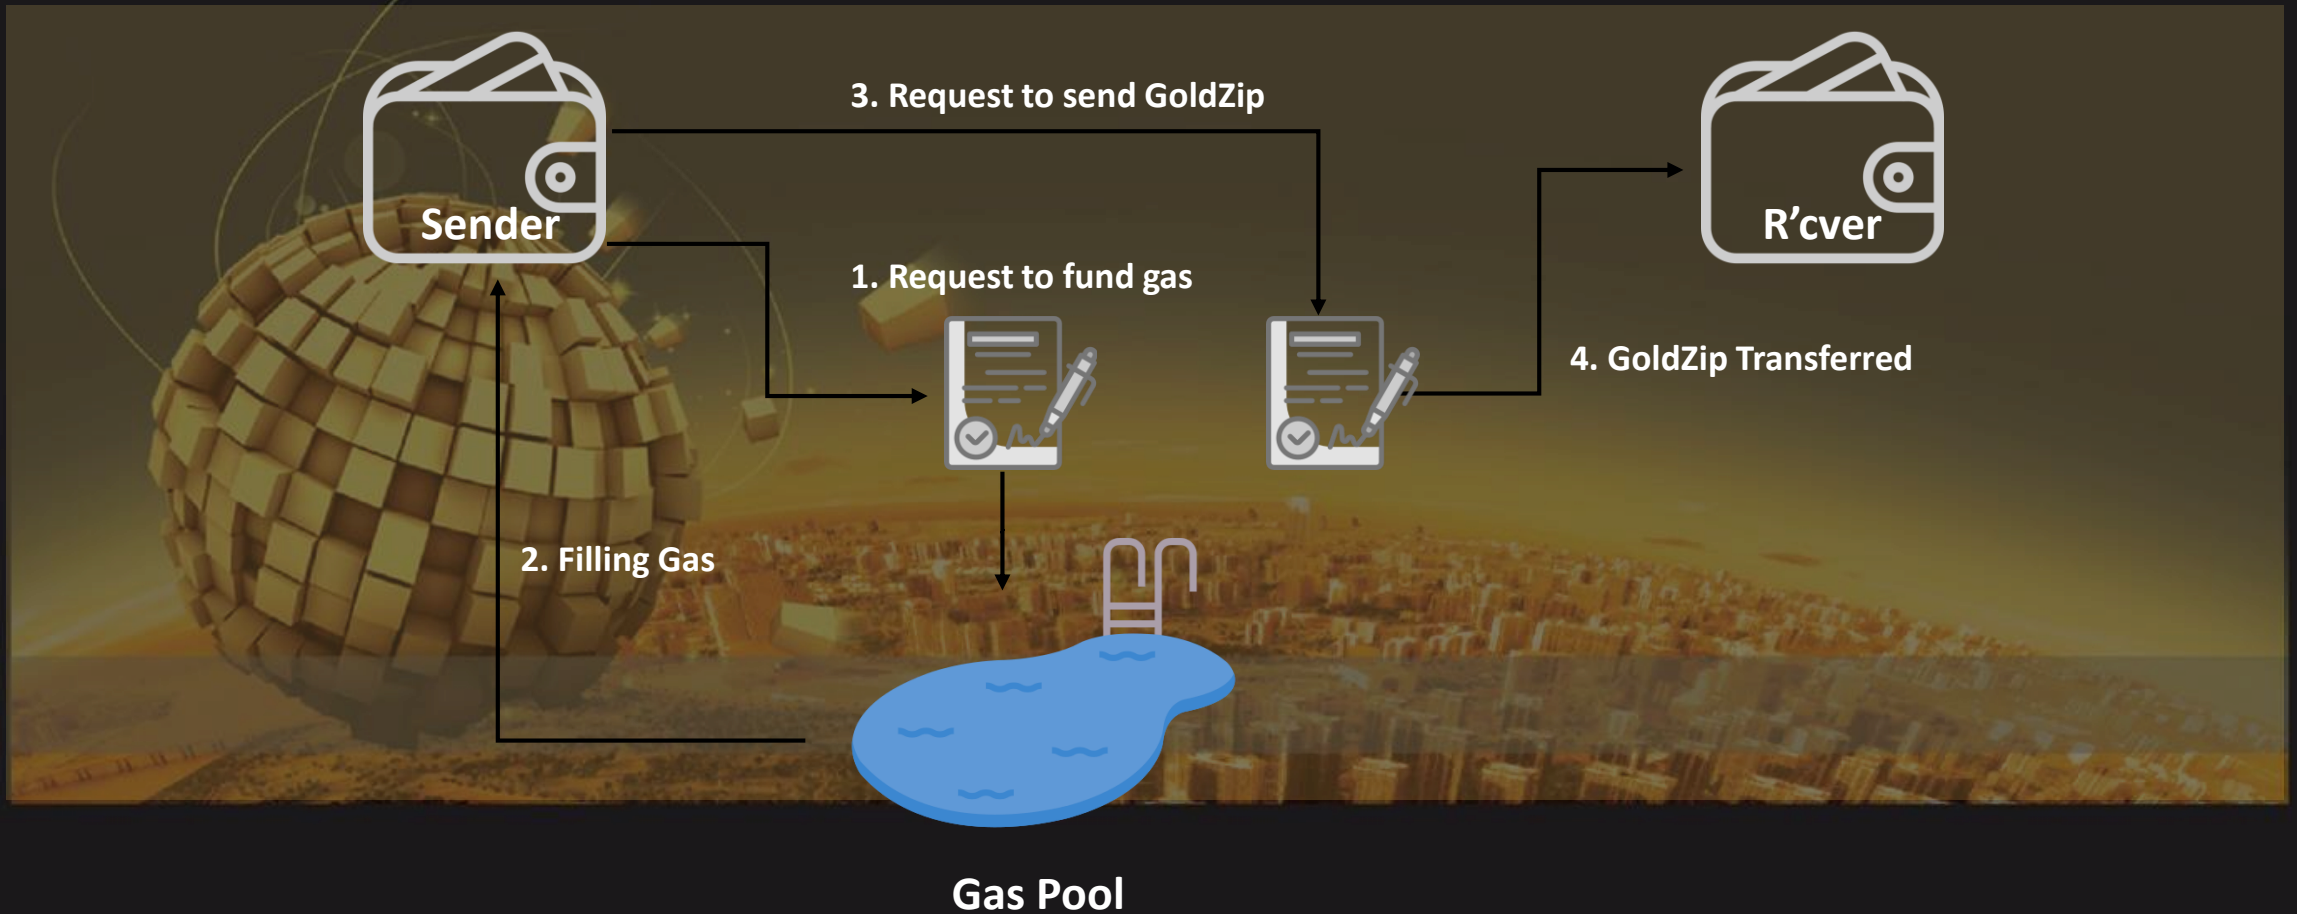

User Friendliness

Security

Flexibility

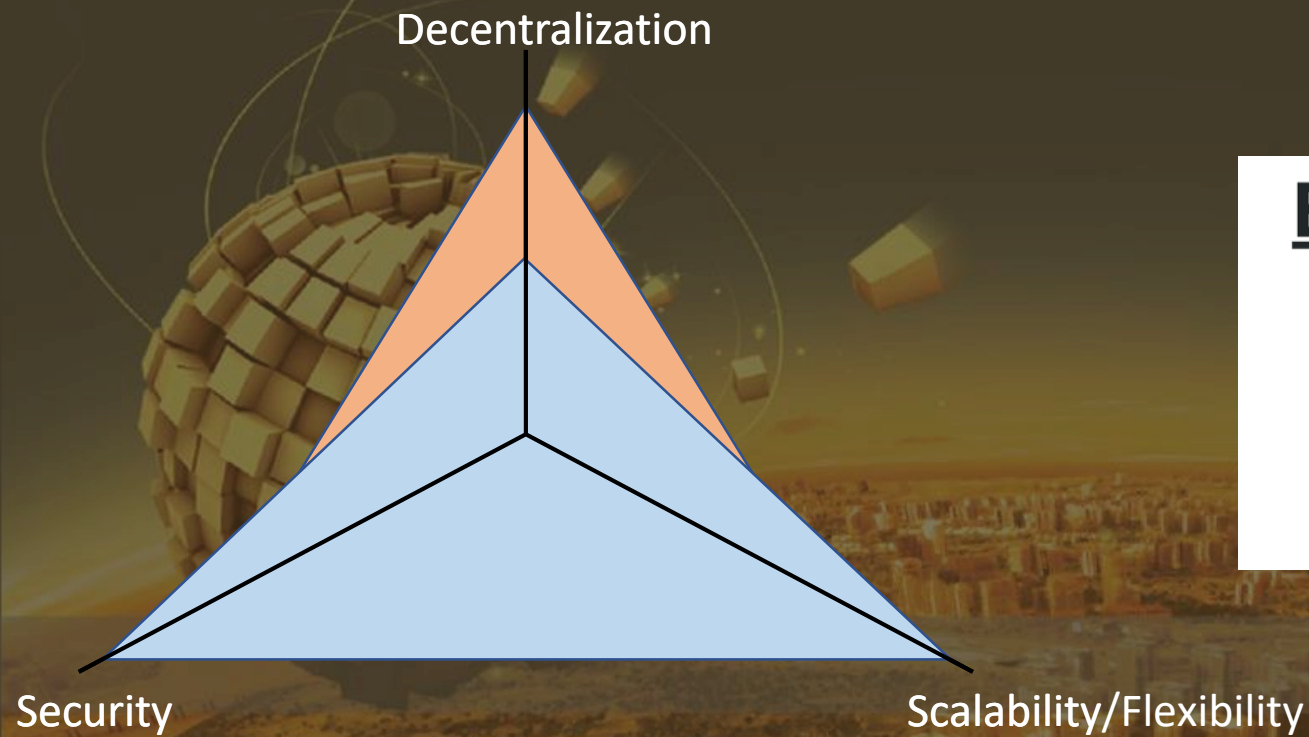

User Friendliness (Gas Pool)

Focus on Security

Blockchain Trilemma

Vitalik Buterin:

The trilemma claims that [decentralized] blockchain systems can only at most have two of the following three properties:

Flexibility

Image: DNY59

GoldZip is built on a blockchain platform which allows high flexibility, to help navigate into the uncertainty zone

Looking into the Future

Thank you
