## CME Group APAC Disclaimer - 2023

Exchange traded derivatives and cleared over-the-counter ("OTC") derivatives are not suitable for all investors and involve the risk of loss. Exchange traded and OTC derivatives are leveraged instruments and because only a percentage of a contract's value is required to trade, it is possible to lose more than the amount of money initially deposited. This communication does not (within the meaning of any applicable legislation) constitute a Prospectus or a public offering of securities; nor is it a recommendation, offer, invitation or solicitation to buy, sell or retain any specific investment or service.

The content in this communication has been compiled by CME Group for general purposes only and is not intended to provide, and should not be construed as advice. It does not take into account your objectives, financial situation or needs, and you should obtain appropriate professional advice before acting on or relying on the information set out in this communication. Although every attempt has been made to ensure the accuracy of the information within this communication as of the date of publication, CME Group assumes no responsibility for any errors or omissions and will not update it. Additionally, all examples and information in this communication are used for explanation purposes only and should not be considered, investment advice, the results of actual market experience, or the promotion of any particular products or services. All matters pertaining to rules and specifications herein are made subject to and superseded by official Chicago Mercantile Exchange Inc. ("CME"), the Chicago Board of Trade, Inc. ("CBOT"), the New York Mercantile Exchange, Inc. ("NYMEX"), and the Commodity Exchange, Inc. ("COMEX") rulebooks or, as applicable, the respective Rulebooks of CME Group's certain other subsidiary trading facilities. Current rules should be consulted in all cases including matters relevant to contract specifications.

CME Group does not represent that any material or information contained in this communication is appropriate for use or permitted in any jurisdiction or country where such use or distribution would be contrary to any applicable law or regulation.
